Joey Adamowski
Taekwondo Manitoba President

Taekwondo Manitoba Members – *Presented at AGM*

Memo: Presidents Report

Members,

Since our IGM in November of 2009, the association has meticulously preserved through lengthy negotiations and countless correspondence in an effort to achieve recognition as the sole Provincial Sport Organization for taekwondo in Manitoba. Some of the energy focused in these areas has resulted in the outcomes we desired, although in other sectors we continue to wait.

The association's inability to move ahead with operational activities, membership services, goals and objective are a direct result of lack of financial resources. In late spring of 2010, Taekwondo Canada released only a portion of the funds held in Trust from our on line membership drive, allowing us to repay those individuals who graciously offset the organizations debts with personal funds.

Taekwondo Manitoba's growth and development is co dependant on its member's volunteerism, and support. To date a few members have consistently come to the aid of the organization, whereby their contributions and commitment to the association produced quality professional experiences for participants. It is imperative that our association continue to move forward, to do so a greater pool of volunteers is required.
