Joey Adamowski  
Taekwondo Manitoba President

Taekwondo Manitoba Members – *Presented at AGM*

### **Memo: Presidents Report**

Members,

Since our AGM in January of 2011, the association's inability to move ahead with operational activities, membership services, goals and objective are a direct result of member's volunteerism, and support. Albeit at our last meeting the message that we require a greater pool of volunteers, few members have come forward to offer their services.

With respect to our application for recognition as the sole Provincial Sport Organization for taekwondo in Manitoba through Sport Manitoba, we have been advised that changes in their respective policies now include a longer period of evaluation ( 2 + years of observation ) with verification of activities, membership participation and involvement, etc.

Taekwondo Manitoba's Increased activity, growth and development is co dependent on its populous to provide contributions and commitment to produce the necessary quality professional experiences the participants envision.

It is imperative that our association continue to move forward.

### **Highlights 2011-2012**
